### 01 ARIA RESORT & CASINO

*Project: Cirque du Soleil Theater Renovation*

200' McCain Walls system with varying ceiling heights up to 15' was installed in three nights by three crew members.

### 02 UC SAN DIEGO HEALTHCARE

*Project: Physicians Lounge Upgrade*

The installation was so quick and dust-free that physicians remained on their computers during the process.

### 03 LOS ANGELES INTL AIRPORT

*Project: Terminal 2 Renovations*

Two freestanding McCain Walls were deployed in one evening during normal operations.

### 04 TORREYANA IN ALEXANDRIA

*Project: New Construction*

Two McCain Walls system were installed to create a walkway from the elevator to the theater.

### 05 MIAMI-CLEVELAND CLINIC

*Project: Hospital Wing Upgrade*

A McCain Walls system with a single door and trim was installed without creating dust contamination.

### 06 SAN DIEGO INTL AIRPORT

*Project: Security Area Upgrades*

A 450' McCain Walls system with multiple varying heights of 9' - 14' was installed in 2 1/2 nights with six crew members.

### 07 MULTI-USE OFFICE BUILDING

*Project: Lobby Renovation*

A McCain Walls system with a double door kit and trim was installed in just a few hours during normal office operations.
